

Maya Notebook Computer Messenger Bag

Top Load, Vertical, Fits Most Screens Up To 15.4"

Vertical messenger bag converts into versatile backpack.

Model
438803

The MANHATTAN® Maya Notebook Computer Messenger Bag, with its vertical design, provides essential computer protection to let you easily navigate narrow airline aisles, hectic streets and crowded classrooms. Two deep, front-flap pockets keep vital items safe but within quick reach. A magnetic closure replaces noisy hook-and-loop tape to secure the messenger flap and protect the interior. The cushioned top grip helps you easily lift and load into overhead bins and racks. A rear pocket conceals straps that convert the messenger bag into a versatile, slim backpack. Another rear pocket is ideal for storing a jacket or wet umbrella.

Slim Shape, But Plenty of Storage

Its interior — with padded computer compartment and elastic strap — accommodates most notebook computers with screens up to 15.4". The top-load configuration offers quicker packing and speedier airport inspections. An adjacent mesh pocket keeps papers, documents and magazines smooth and flat and easy to find. Four roomy main interior storage compartments provide a place for nearly everything and keep everything in its place. Two key hooks, one equipped with a quick-release clip, help prevent scratches and damage to equipment caused by loose, unfastened keys. Both are ideal for securing home, car or office keys and a digital camera, USB flash drive or other small electronic device. Three pen loops and an ID/business card holder keep writing instruments and cards ready for the best first-impression. A large compartment with scratch-free lining contains a media pocket with integrated earphone port to enjoy music on the go.

Beautifully Designed to Perform

The exterior and interior are carefully constructed of lightweight, durable, easy-care materials that resist water and wear. Heavy-duty hardware including zippers with sturdy pulls ensures smooth operation with fewer snags. MANHATTAN Notebook Computer Cases combine superior computer protection and attractive styling with comfort and convenience when traveling across town, cross-country or around the world.
